PROJECTS

Online Grocery Management System Team Size: 4 Key Skills: HTML CSS Javascript PHP SQL Bootstrap This system can be used by similar grocery stores clients with more or less Customized features and functionalities. It will be an automate process. Operating the system will be easy and fast. Customers don't have to wait in line for billing, they will checkout easily. Number of customers will increase, no need for customer to visit the store frequently.
The Portfolio Website Key Skills: HTML CSS Javascript A portfolio website is a place where people can show off their work and skills to others who might want to hire them. It's like a digital resume that includes examples of things they've done and information about themselves. Having a good portfolio website can help people get noticed and get new jobs or clients.
